

Are you ready for an easier, smarter and healthier fundraiser for your team, school, group, or organization?

No more dealing with the hassles of sorting items that have been ordered, chasing people down to get payments, or making sure products get delivered to the right people. Now you can do a fundraiser with less effort and a nice return on your effort, and people can support your group by purchasing products they need or want. This fundraiser is sponsored by a local Elk River business to support local groups and organizations. This is the way fundraising is meant to be done!

Healing Choices of Elk River has partnered with Wellevate, a national company with 35 years of experience in selling and distributing nutritional and natural healthcare products, to bring you a new and highly effective fundraiser. Here are the highlights:

- Your fundraiser can be ongoing for several months or the entire season your group is active.
- 25% of the retail price of products purchased by people using your group code will go to your group as fundraising profits to support your group and activities.
- Funds raised are distributed monthly, so no waiting several months.
- Over 15,000 nutritional and natural healthcare products from over 300 companies are made available in many categories such as: nutritional supplements, essentials oils, herbal teas, personal care, skin care, beauty care, pet care, home care, topical pain relievers, and much more - many common brands as well as professional brands, and some hard to find items - all products that are healthier and safer for you, your family and your environment.

- There are likely some products or brands that are already being purchased by people you know, so now they can purchase these items and support your group at the same time.
- All products are available at a normal retail price . . . not some inflated fundraiser price.
- You and your group can promote this fundraiser any way you like . . . let all your friends and family know by email, Facebook or any other social media so they can join this fundraiser and support your group.
- People can participate in your fundraiser from anywhere in the United States.
- All orders are done online, and all products are shipped directly to the person ordering and are received within 3-5 business days after placing the online order. FREE shipping on orders over \$49.

This fundraiser is sponsored by the local business of Healing Choices of Elk River. To get this fundraiser set-up for your group please call Dr. Larson at 763-241-5436 with questions and to schedule a time to meet and finalize the details for your group.

Dr. Larson is one of the most experienced natural healthcare doctors in the Elk River and surrounding communities with 21+ years of experience helping people with chiropractic care and Functional Medicine. He is now using that experience to help even more people in the community by sponsoring this fundraiser as an easier, smarter and healthier way for any local team, group, school or organization to raise funds for their activities.
